PHIFER BROS.,

Phifer's Corner, Gainesville, Florida.

W. L. Hill and family have removed from their former home, 208 E. Columbia street, to the home at 208 E. Church street, recently purchased by Mr. Hill from W. R. Thomas. Captain and Mrs. C. R. Layton are now occupying the home vacated by Mr. and Mrs. Hill, having removed from the Hampton house, 507 N. Factory street.

Miss Nellie Goss departed yesterday for Chicago, where she purposes to remain indefinitely with her brother, Jesse Goss. Miss Goss will complete her education in that city. While friends regret very much to give her up here, they nevertheless wish her much success and happiness in the home of her adoption. She was accompanied as far as Jacksonville by her brother, John Goss.

While Frank Scott, an employee of the Kelley mill at the waterworks, was operating a small circular saw yesterday he got his right hand mixed up with the "business end" with the result that he is minus nearly a half inch of his thumb and two other fingers are slightly lacerated. His condition is not considered serious, however, and no ill effects will result save the loss of a portion of the thumb.

The remains of Mrs. Margaret Godwin, the sad death of whom occurred at the home of her son, W. L. Godwin, Fairfield, passed through this city yesterday en route to the old home, Cerro Gordo, N. C., where the interment will be held. They were accompanied by the son of the deceased, E. B. Godwin. Another sad feature of this death is the fact that another son, J. J. Godwin, is very ill at his home in Micanopy.

O. W. Maines of Montecucha and son, Dr. J. E. Maines of Waldo, were in the city yesterday and made The Sun an agreeable call, the latter having his name enrolled upon the subscription list. The former has been for several years one of The Sun's oldest and best friends in the Montecucha section. Dr. Maines graduated last term from the College of Physicians and Surgeons, Atlanta. He is a promising young man and will no doubt establish a good practice at Waldo.

W. G. English of Tacoma was in the city yesterday. He was accompanied by his uncle, James Brown of Acord, Ga., who has been for the past few days a guest of D. T. English and family at Tacoma. It was the first time he had had the pleasure of seeing them for twenty-three years. Mr. Brown is well pleased with Florida, especially this section, which he believes to be the most fertile section in the State. He was en route to his Georgia home and left on the noon train.

A. E. Wittstock, who is superintending the mechanical department of the new ice plant at Alachua, states that the new plant, which began operations two or three days ago, pulled the first ice yesterday morning. The plant, which is a modern one of twelve tons capacity, ran smoothly from the beginning, and Mr. Wittstock, who installed the machinery, anticipates no trouble. Frank Shawl, formerly of this city, will be permanent superintendent, as Mr. Wittstock expects to leave as soon as everything is definitely settled down to good working order.

The free library contest is waxing warm. The rivalry between the contestants increases daily and the business men who were loath to go into the scheme now see that they made a good investment. The Sun office is a regular polling place, and all persons who pay for not less than three months to the daily edition, or who have job printing done, are entitled to votes as follows: 75 votes for three months' subscription, 200 for six months and 500 for one year, or one vote for each ten cents spent with us for job printing. It will thus be observed that The Sun permits the casting of more votes for the money than any other concern. We have no favorites to play, and all that is necessary for you to vote for your favorite is to pay for the paper the required length of time. The collector will take pleasure in giving you a blank ballot to fill out, provided you pay not less than \$1.25. The more you pay the larger the proportionate number of votes you are entitled to.

### Business is Heavy.

From all appearances, it seems that Manager Buell of the Western Union Telegraph Company's office here is making a paying proposition. It has become necessary, on account of increased service, to employ another messenger, and the position has been accepted by Will Bartley. Manager Buell is not only a competent manager, but is making himself quite popular with the patrons of this office by his courteous and obliging manner.

H. O. Turner of Bainbridge, Ga., has accepted a position as operator in the office.
